- Lobby
- Library
- Student Union
- Healthcare

KPC

Who is KPC?

KPC is a cooperative purchasing organization dedicated to providing the best value on the items our members purchase every day. Whether it is office supplies for a local non-profit, technology equipment and installation for a state university, or a new roof on a school building, KPC's team of professionals is here to help our members maximize their purchasing power while ensuring compliance with model procurement statutes.

KPC Contracts

All awarded contracts through the KPC program have been Awarded under the Competitively Bid Process and received a Contract from KPC. These Awarded Vendors have agreed to provide the best pricing, terms and conditions available to KDC Members.

The KPC Program takes pride in providing a purchasing coop where Awarded Vendors and Members both benefit. With a successful award, a vendor can expedite an order for a member because all purchasing requirements are completed during the RFP process. A school district or other KPC Member can benefit from the cost savings of time and expense in competitively bidding each purchase.

Advantages of KPC

Utilizing a KPC contract means members deal directly with the vendor using the KPC contract as their own. The advantage to KPC members is the leveraging of best pricing and delivery terms at no cost to them.
