About NCPA

NCPA is a leading national government purchasing cooperative working to reduce the cost of goods and services by leveraging the purchasing power of public agencies in all 50 states. NCPA utilizes state of the art procurement resources and solutions that result in contracts that ensure all public agencies are receiving products and services of the highest quality at the lowest prices.

Eligible Partners

There are over 90,000 agencies/organizations nationwide from both the public and nonprofit sectors that are eligible to utilize NCPA's cooperative purchasing contracts. These include, but are not limited to the following types:

- School Districts (including K-12, Charter schools, and Private K-12)
- Higher Education (including Universities, Community Colleges, Private Colleges, and Technical / Vocational Schools)
- Cities, Counties, and any Local Government
- State Agencies
- Healthcare Organizations
- Church/Religious
- Nonprofit Corporations

NCPA's Procedures and Processes

NCPA works with a lead public agency, who competitively solicits master contracts. Contracts are based on quality, performance, and most importantly pricing. These contracts are established using the following process:

- The Lead Agency issues a competitive solicitation for a product or service on behalf of NCPA and all public agencies.
- The solicitation is advertised nationally for a minimum of 30 days. You can view current solicitations on the NCPA website, www.ncpa.us.
- The solicitation contains language that allows the contract to be accessible nationally to public agencies in states whose laws allow for intergovernmental contract use (also known as "piggybacking" or "adopting").
- Vendors respond to the solicitation with sealed responses that are recorded and publicly opened.
- The Lead Agency evaluates the responses based on "Identified Evaluation Criteria" and awards contracts.

Become A Member

All eligible end-users can sign up to become a member of NCPA online – it's free of charge! Visit www.ncpa.us for details.

Member Program
