

CHAIR CLEANING GUIDE

PARAGON CHAIRS CAN BE CLEANED THOROUGHLY & SAFELY BY FOLLOWING THESE SIMPLE TIPS.

CHAIR FRAME CAN BE CLEANED WITH THE SAME SOAP & WATER MIXTURE AS THE SHELL, BUT ONLY USE A SOFT RAG OR SPONGE TO APPLY.

WHITE VINEGAR & WATER CAN BE SPRAYED ON THE CHAIR FRAME, BUT MAKE SURE IT IS DRIED THOROUGHLY WHEN THE CLEANING IS DONE. DO NOT LEAVE WATER, SOAP, OR VINEGAR ON ANY METAL PARTS AFTER CLEANING.

MIX A SMALL AMOUNT OF MILD DISH SOAP WITH WATER IN A BUCKET, AND APPLY WITH A SPONGE OR RAG BY RUBBING THE SURFACE IN A CIRCULAR MOTION.

A VINEGAR & WATER SOLUTION CAN BE USED AS A PRE-TREATING AGENT PRIOR TO USING SOAPY WATER FOR ESPECIALLY DIRTY AREAS. MIX 1 PART WHITE VINEGAR TO 5 PARTS WATER IN A SPRAY BOTTLE & SPRAY THE CHAIR SHELL. LET THE MIXTURE SIT ON THE CHAIR SURFACES FOR A FEW MINUTES & THEN PROCEED TO USE THE SOAP & WATER APPLIED WITH A RAG OR SPONGE.
