

## MARKERBOARD SURFACE CLEANING GUIDE

PARAGON MARKERBOARD DESKS & TABLES CAN BE CLEANED THOROUGHLY AND SAFELY BY FOLLOWING THESE SIMPLE TIPS.

DESK LEGS CAN BE CLEANED OFF WITH THE WHITE VINEGAR & WATER SOLUTION USING THE SAME METHOD AS THE SURFACE. A MIXTURE OF MILD DISH SOAP & WATER CAN ALSO BE USED ON THE LEGS IF THERE IS EXTRA DIRT OR GRIME.

MAKE SURE TO THOROUGHLY DRY LEGS WHEN CLEANING IS DONE. DO NOT LEAVE WATER, VINEGAR, OR SOAP ON ANY METAL PARTS AFTER CLEANING.

A WHITE VINEGAR & WATER SOLUTION CAN BE USED TO SAFELY & EFFECTIVELY CLEAN OFF MARKERBOARD SURFACES.

MIX 2 PARTS WATER TO 1 PART WHITE VINEGAR IN A SPRAY BOTTLE & SPRAY OVER THE SURFACE. USE A MICROFIBER CLOTH OR SOFT RAG TO WIPE OFF THE SOLUTION. FOR MARKS THAT ARE TOUGHER TO REMOVE, LET THE VINEGAR SOLUTION SIT FOR A FEW MINUTES BEFORE WIPING OFF. THOROUGHLY DRY THE SURFACE OFF WHEN DONE.

REGULAR WHITEBOARD CLEANER PURCHASED FROM THE STORE MAY ALSO BE USED ON THE SURFACE FOR ROUTINE CLEANING & MAINTENANCE.
